

On January 16, U.S. Department of State is launching America.gov. It is the new website that will be replacing the usinfo.state.gov by beginning a new way for internet readers to learn about government and people of the United States.

1. What is America.gov?

- To see more detailed process, [Click Here](#)

America.gov is the State Department's Bureau of International Information Programs (IIP) engages international audiences on issues of foreign policy, society and values to help create an environment receptive to U.S. national interests.

IIP communicates with foreign opinion makers and other publics through a wide range of print and electronic outreach materials published in English, Arabic, Chinese, French, Persian, Russian, and Spanish. IIP also provides information outreach support to U.S. embassies and consulates in more than 140 countries worldwide.
